Nature Communications main figures 1–8

Each figure is the same vector artwork as its own SVG and PDF; figures are scaled individually on this sheet only.

Figure 1 The downstream operator at each stage of certified compression

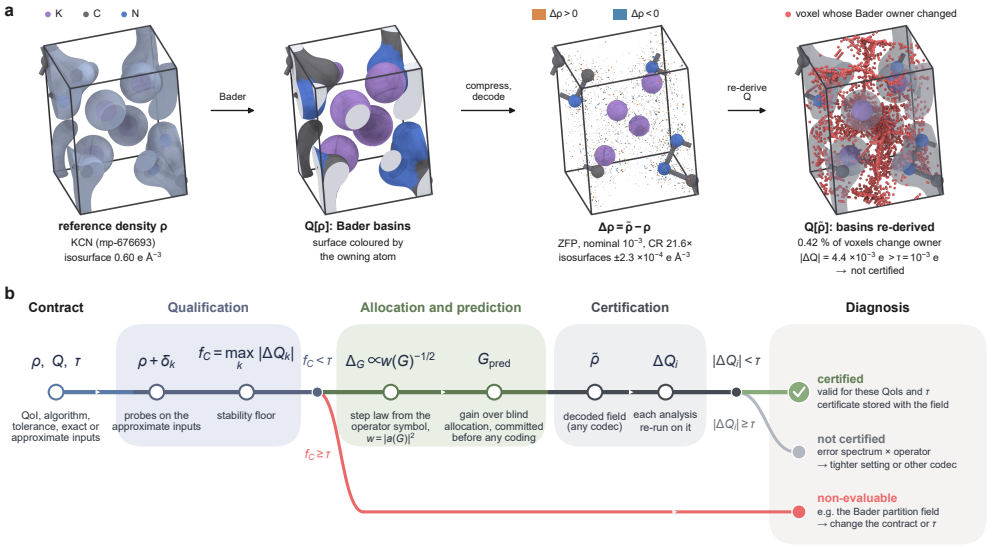

Figure 2 The frozen QSQ screen prospectively stratifies numerical risk

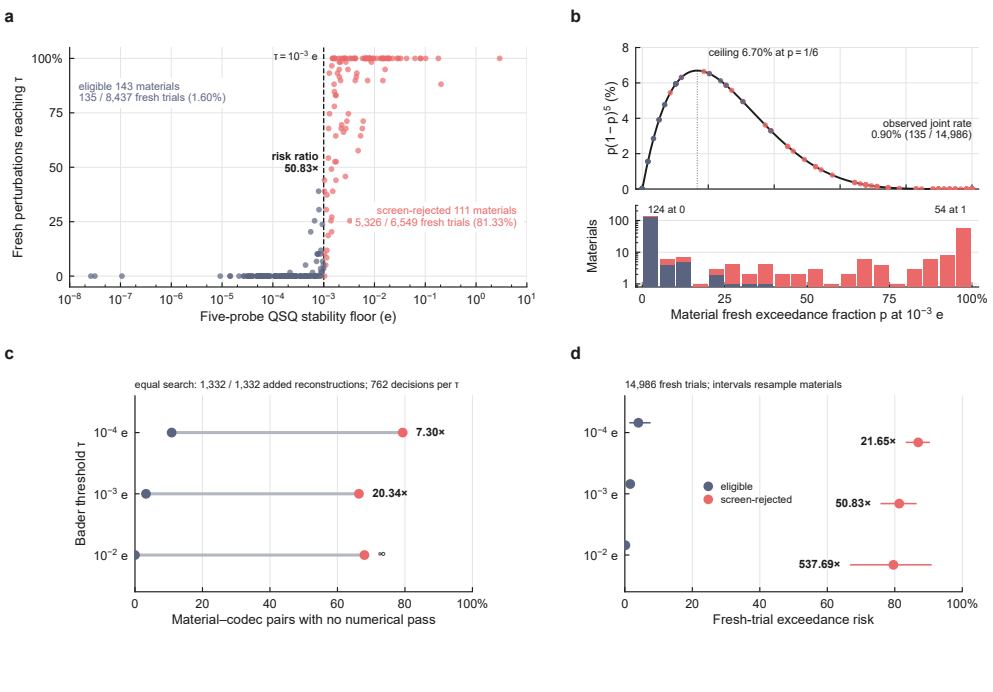

Figure 3 The Hartree operator's spectral weight explains the codec effect

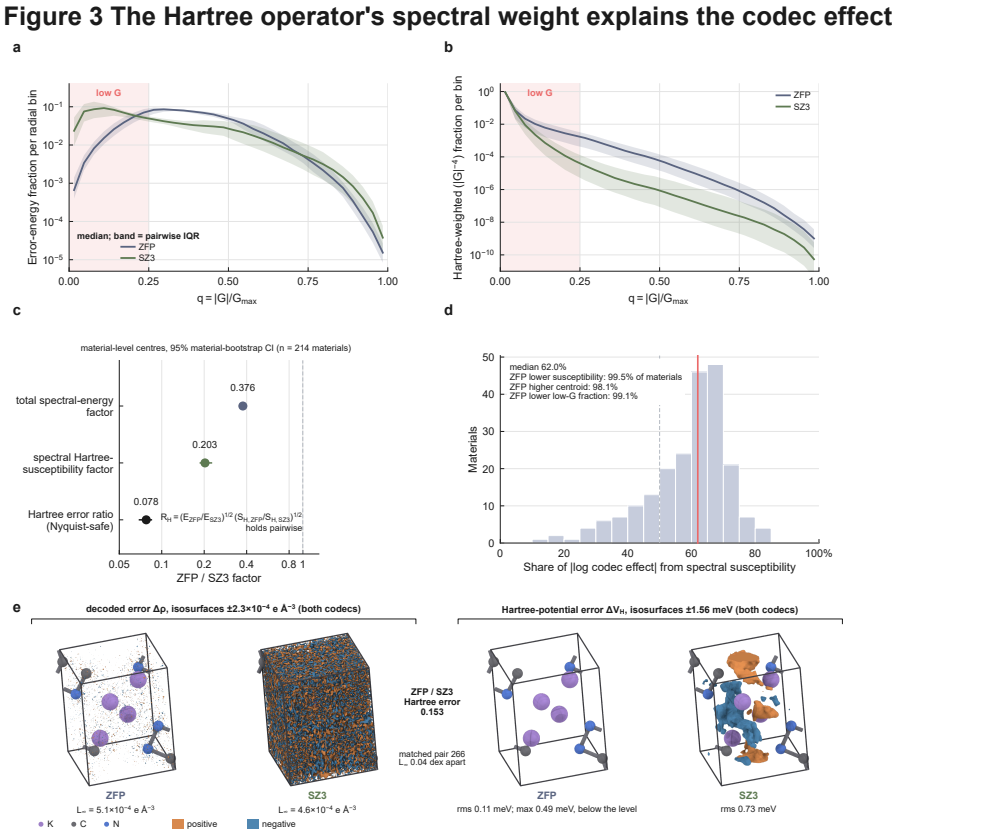

Figure 4 The operator symbol fixes where the step, the error and the bytes go

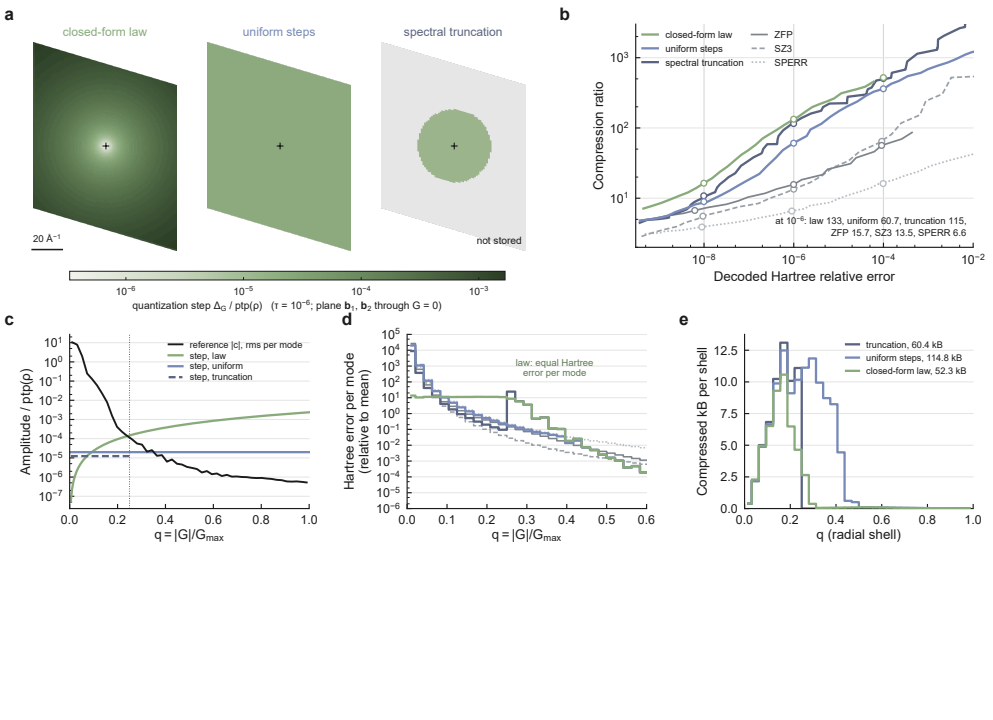

Figure 5 Under equal search the law beats pointwise codecs and truncation

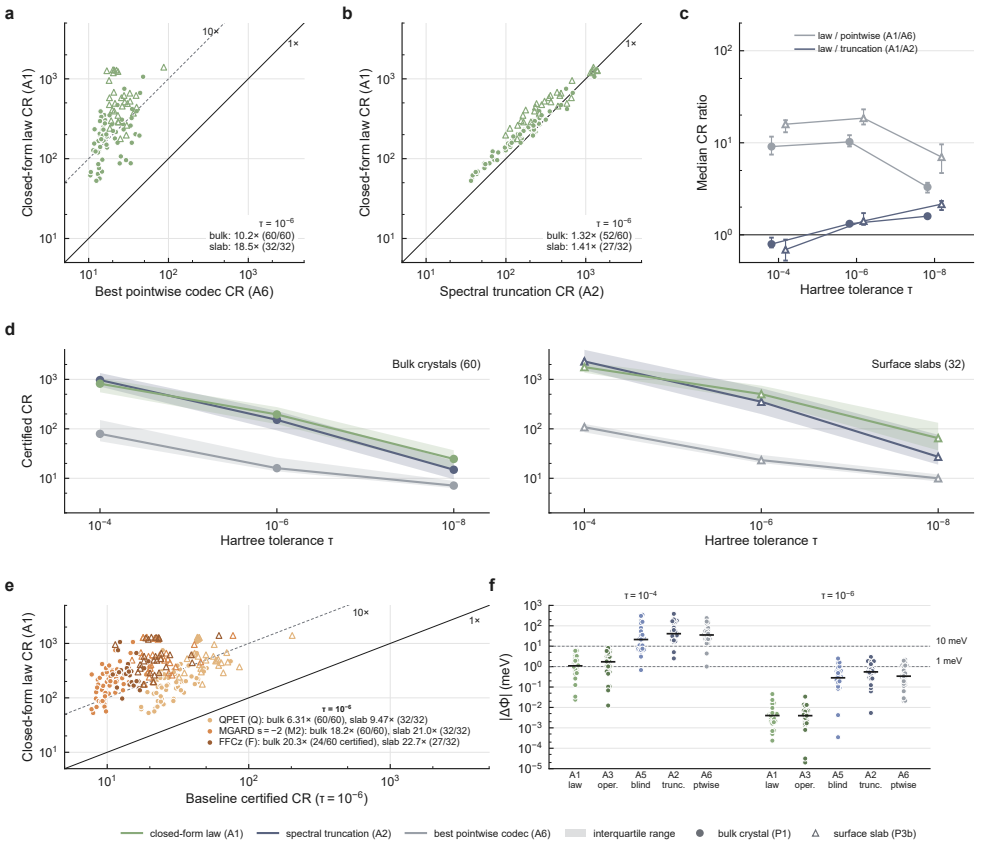

Figure 6 The gain ladder: transform coding, operator weight, optimizer

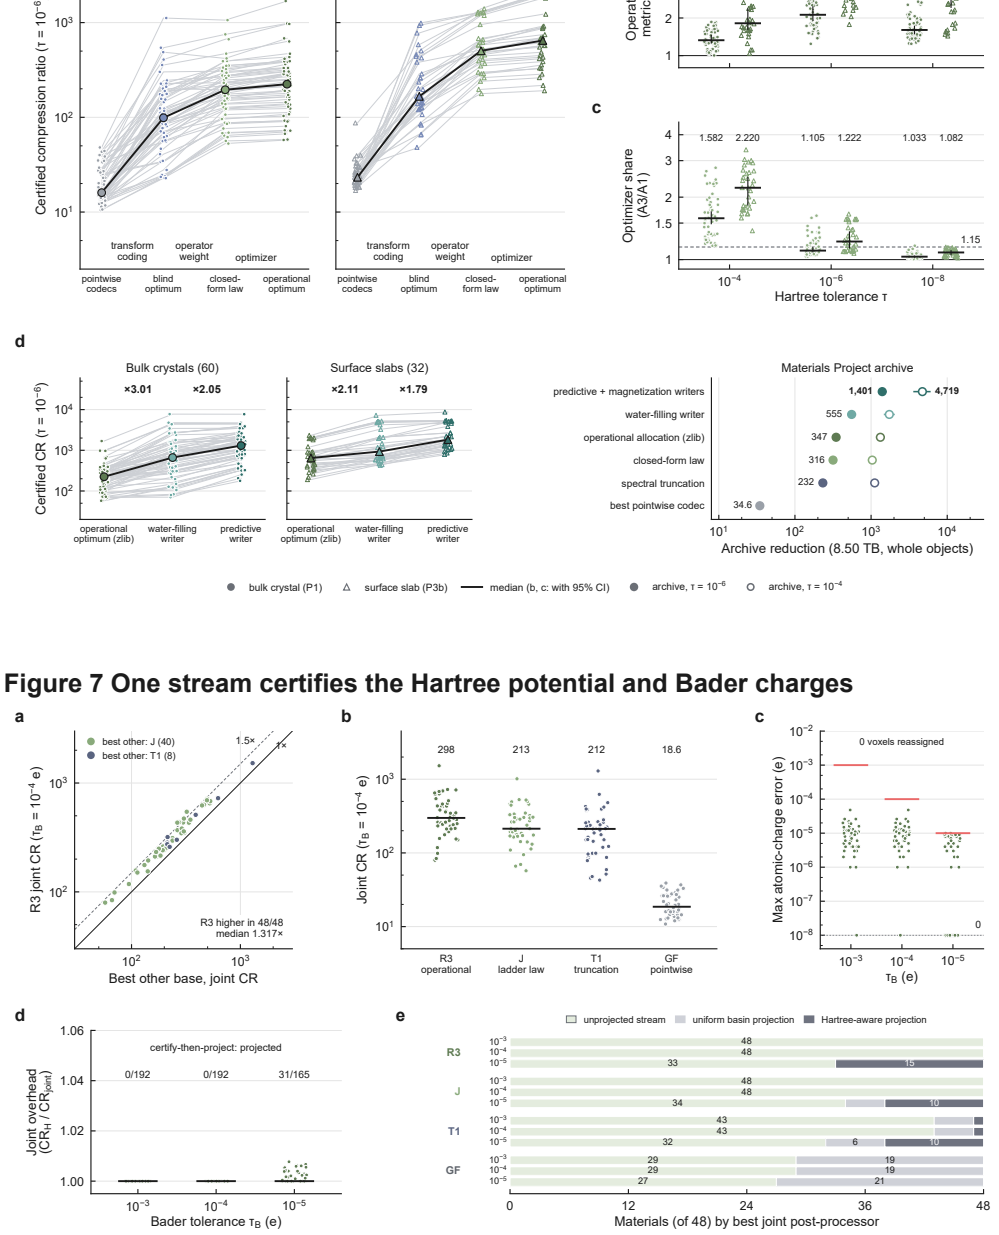

Figure 7 One stream certifies the Hartree potential and Bader charges

Figure 8 The gain is predicted before compression
